

HUN EFFORT TO DRIVE WEDGE BETWEEN HARDING AND ALLIES A FLAT FAILURE

**Broad Policy Laid Out By Harding And Hughes
But They Are Careful Not To Forget That
America Was on Side of Allies During War.**

SUPREME COUNCIL HOLDING ITS FINAL DECISION MEETING TODAY

By RAYMOND CLAPPER
United Press Staff Correspondent

Washington, D. C., April 30—Germany's attempt to create a breach between the new Harding administration holding the reigns of the American government and the Allies on the reparations proposals has met with flat failure. As they proceed, both Mr. Harding and Mr. Hughes are determined that they shall not forget for a moment that Americans fought in the war on the side of the Allies. If, later on, Mr. Harding should find it advisable in dealing with Germany to show any leniency it will be because he has the economic welfare of the world at heart rather than because of any desire to desert the Allies.

This is the broad position taken by the Harding administration. It will permit of the Allies holding Germany to full account for the devastations of the war and at the same time can be used to prevent a fanatical revengeful course of action which would bring about further European disaster.

In all the diplomatic exchanges Mr. Harding is making it plain that this country will not be placed in the position of a neutral umpire on the reparations muddle.

Washington, D. C., April 30—"A treaty or peace with Germany may follow the passage of the Knox resolution declaring at end the state of war with the Central Empire", said Senator Lodge today in a Senate speech on the Knox resolution. This is the first intimation from authoritative sources that a separate peace with Germany is to be a part of the Harding policy.

London, April 30—The Supreme Council met at four o'clock this afternoon to reach a final decision on what penalty if any to impose on Germany Monday for failure to meet the reparations terms.

By ED. L. KEEN
United Press Manager at London

London, April 30—Germany resumed direct communication today with the Allies on the reparations question after having failed to deal indirectly with France and England through the United States Government. The proposition she will make to the Supreme Council at today's meeting will be an exact duplicate of that she hoped to offer through American diplomatic channels. The amounts are to be \$12,500,000,000 in a lump sum or \$50,000,000,000 distributed over a period of years. This proposal is already known to Allied leaders and is said to be wholly unacceptable. By the offer Germany hopes to avert occupation of the Ruhr and the immediate imposition of the reparations penalty.

The meeting of the Supreme Council, set for two o'clock this afternoon, is considered to be the most important since the peace conference as the time is due for a show down and no doubt an ultimatum will be issued to Germany as a result of the meeting. It may be only a matter of days, and probably hours, before the word is given for an Allied advance.

Lloyd George is disposed to treat further with the German commission but Premier Briand is firmly convinced that there should be no delay in infliction of the full penalty on Germany.

Paris, April 30—The French delegation to the Reparations meeting will demand that as a guarantee the German government relinquish all claims to rights and territory in Russia, Austria, Hungary, Roumania, Turkey and Bulgaria.

Paris, April 30—Plans were completed today for the mobilization of the military class of 1919 covering a period of eight days. This will levy a total of 130,000 men not including students and many other large classes that are exempted at this time. Now that plans are complete only word from the Supreme Council is necessary to start concentration for an advance into German territory.

BRITISH INDUSTRY ON VERGE OF COLLAPSE BECAUSE OF COAL STRIKE WHICH IS UNSETTLED

By Lloyd Allen
United Press Correspondent

London, April 30—Fifty coal mines have been destroyed by flooding since the beginning of the coal miner strike in England. This will give an idea of the extent of the breaking of the industrial structure in England since the beginning of the strike. As further evidence of the seriousness of the situation only thirteen of over five hundred furnaces are operating. Trains have been discontinued, daylight saving is to be moved up another hour, rationing of electric light and power is to be put into effect and many other drastic measures taken to avert disaster.

It is quite apparent that the nation will soon have to depend absolutely upon foreign coal. Already a cargo has been received from Germany. It was unloaded under guard.

Misery and hunger are growing daily and the capacity of charitable institutions is taxed to the utmost.

SUBMARINE C 10 RUNS ASHORE

New London, Conn., April 30—The U. S. Submarine C 10 ran ashore on Montauk Point on the tip of Long Island after a good racing when the submarine was returning to its base after having been at Hampton Roads where the Atlantic Fleet was reviewed by President Harding. The sea is calm with a dense fog and the submarine is not considered in immediate danger.

C. H. S. RELAY RUNNERS TAKE FIRST HONORS AT U. OF P. TRACK MEET

By HENRY L. FARRELL
United Press Sporting Editor

Philadelphia, Pa.—With dark clouds hovering over the Penn Athletic field today and the weather at the freezing point a crowd of thousands of persons gathered to witness the mile relay events for high schools. The runners, clad only in trunks and jerseys made a great get-away, in their eagerness to win honors. The Thirty-second event, the one mile relay, was won by Clearfield high. Second place went to Rutherford, Third to Mattin and Fourth to Camp Curtin. The time was 3.38 and 2.5. The Clearfield team was made up of Cecil Torrence, Nate Smith, Bruce Norris and William Brown. Norris Crossed the line twenty-five yards in lead.

CARGO OF BROKEN DOWN WHISKEY CARAVAN NEAR BIGLER TAKEN BY "PHONEY" COPS FROM CLEARFIELD

This bootlegging game sure is getting to be a dangerous pastime. It has got to such a point now that after you deal for the "likker", you not only do not know what you are getting, but have no idea when or how, or if you are ever, going to get it. For instance, Thursday evening two truck loads of contraband booze were scheduled to arrive in this section. Conveyance No. 1, with a generous supply of the "ardent" for Curwensville and DuBois, arrived in town as per schedule and informed an anxious and thirsty local lookout that the Clearfield consignment was tied up near Bigler and assistance to move it was required.

An S. O. S. call was quickly sent up and from doorways, barns and cellars, out popped the heads of dry and thirsty citizens "in on the know," who anxiously awaited the arrival of the long looked for hooch.

A thirsty council of war was held and ways and means devised to render help, aid, succor or assistance to the stranded booze caravan.

Now, it has long been a matter of pride in the underworld to think "there is honor among thieves," and while that may all be true, the same thing cannot be said about bootlegger dealers in "moonshine," "white mule" or its concomitant parts. However, be that as it may, what we want to say is just this much. Two of the thirsty, so anxiously awaiting the traveling oasis, straightway conceived the idea of salvaging their own liquor and incidentally some other fellow's. To think was to act and while the Board of Strategy was working out their plans and preparing to go to the relief of the stranded booze wagon, the two first mentioned gentlemen jumped into their cars and went.

They took the precaution to arm themselves with a couple of fire man's badges, and when they arrived at the point where the broken down car and its precious (?) load was stranded, they found three men and a touring car in addition to the truck and its twenty case of booze.

The guilty have long been known to flee when no man pursueth, but when those wholesale bootleggers saw two husky supposed officers of the law bearing down upon them you should have seen that car and two of the men beating it toward Phillipsburg. Wow! They almost flew.

The third fellow, who had been driving the truck, and was left by his friends or employers for "the goat," immediately began to put up all kinds of excuses. The "officers" would hear nothing of his defense or excuses; they told him he was a law violator, his cargo was contraband and it was their duty to take it, and take it they did.

The two men quickly transferred the twenty cases of whiskey into their car, regardless of the fearful protests of the helpless driver, and when the last case had been safely transferred and fastened in beyond the possibility of dropping out, the booze laden machines of the erstwhile officers, were thrown into high and away they went, while the protesting driver, sensing the situation at last, tore his hair and swore a blue streak. He was still there when the "rest of the world went by," or at least that part of it made up of the "relief committee" sent out by the thirsty Clearfielders.

But say, Bo! You should have heard the wailing and gnashing of teeth when that "relief committee"

DIPHTHERIA GIVES ALARM TO HEALTH BOARD IN BOROUGH

Six Cases Reported During the Week and At Least One Case is Reported For Each City Ward

SEVENTEEN NEW MEASLES

The report of Secretary Gaulin of the Health Board denotes that health conditions were far from satisfactory during the past week. The Board of Health records show that there were 28 new cases of contagious diseases quarantined during the week. Measles again headed the list for the week with 17 new cases. Best in Minors

Pitcher Tommy Long of the Louisville club in the American Association is probably the best prospect in the minors today. But he refuses to be sold to a major league club. He pitched a no-hit, no-run game against Toledo last year. He is 22. Inset shows how Tommy holds the ball.

got back here. It was awful. How awful it was can be gathered from the fact that that booze was to fetch \$120 per case laid down in Clearfield and to guard against just such contingencies or real, sure enough law on our side confiscations, the canny gentleman, making the original deal required a fifty per cent down payment when he took the order.

Can you blame your fellow citizens for feeling sore and expressing their feelings publicly? You cannot. It's bad enough to lose your likker to say nothing about your money, but when you lose likker and cash both, Wow!

In the midst of life we are all in debt and there is many a slip betwixt the upper lip and the likker. But wasn't those two fellows the mean suckers? "We'll say they was."

She's Married by Proxy

Miss Esther D. Klein of Newton, Mass., became the bride of Lieutenant Ivano T. Mrs. Botelho will join her husband in Lisbon.

CLEARFIELD COUNTY WILL BENEFIT BY HIGHWAY DEPARTMENT PROGRAM MAPPED OUT FOR THE COMING YEAR

In Addition To Morris Township And Draucker Woods Now Advertised Many Other Pieces Of Road Are Under Consideration of Sadler.

SOME OBSTACLES TO REMOVE

The State Highway Department has a worthwhile program for this section the coming summer, providing the road building contractors can see their way clear to bid down to a figure that will warrant the department in letting contracts for roads scheduled to be built.

The stretch of road from the Centre county line to Allport in Morris township, which has already been advertised twice, and the bids rejected both times as being too high, is up again and bids for the construction of this piece will be opened May 11th.

Bids for the six mile stretch from near Luthersburg through Draucker's Woods toward Grampian will be opened May 10th also. This piece has never been advertised before.

In addition to these two pieces the preliminaries on the Curwensville-Grampian route are being completed with a view to ultimate advertising of the same for bids. One thing which is no doubt interfering somewhat with the prompt action on this stretch of road is the fact that a largely-aided petition protesting against the present-traveled road has been filed with the Highway Department at Harrisburg. At least all our information is to that effect, and as the recent Good Roads convention decided upon the present road for improvement, it seems only reasonable and right that steps should be taken to remove this "rough lock", as any attempt at change of route, reasonable or unreasonable, always results in holding up the improvement.

We are informed that the engineers have been ordered to make surveys of the 1500 feet through Osceola borough necessary to connect the two miles of improved road on the Osceola-Madera route with the permanent road through Osceola to Phillipsburg.

The engineers also have their orders to survey the more than two mile stretch between Irwona and Coalport and as soon as these surveys are completed and the plans made it is the purpose of the Highway Department to advertise for bids for the construction of same.

Another improvement the people of this section are interested in, which is being given attention for early action is the road up the mountain from Sandy Ridge to Tyrone. We are informed in regard to this road that an entirely new route has been selected starting out of Sandy Ridge. According to this new route the road will go under the Pennsylvania tracks at the upper end of Sandy Ridge and continue up the mountain from there by a route three quarters of a mile shorter than the present traveled road with a reduction of ninety-five feet in the maximum grade.

It is also said that Governor Sproul has informed Highway Commissioner Sadler that he wants special attention paid henceforth to the diagonal road across the State to the north, of which this Route No. 59 is a section and which is better known through this section as the "Lakes to the Sea" highway. If this be true and our informant tells us he got his information from the Highway Department direct, it means that improved road connection will be completed within the next two years from this section with both ends of the state.

Sugar Once Considered Medicine. Sugar was at first sold by apothecaries, both as a medicine and as a thing to sweeten and make other medicines more palatable, for in those days a medicine which was not bitter and nauseous was not considered effective. The sugar habit grew on people, the production was stimulated and today the whole world uses it as food.

NEWS OF OUR NEIGHBORS CURWENSVILLE

Mrs. C. E. Patton came up from the Chester county farm Thursday and spent the week-end at the Russell home. A little grand-daughter, Mary Ganoe, also came from West Point and will spend the summer at the Russell home.

Mr. and Mrs. Frank McMasters, through the Curwensville letter, desire to return thanks to relatives and friends for their kindness to their mother during her illness and death.

It will give much joy and pleasure to the friends of Mrs. D. C. Watts to learn that she is improving rapidly in Clearfield Hospital, and is permitted to sit up a portion of each day.

Miss Grace Remmer will conduct a summer class in the High School building, commencing June 1st and ending July 15th.

The game of baseball scheduled to come off on the athletic grounds yesterday afternoon between the Linsbigher Wild Cats of Clearfield and the American Legion team, did not materialize, owing to weather conditions being unfit. It was a great disappointment for the fans.

Isaac Kester, who has been an inmate in the Mount Sinai hospital at Cleveland, Ohio, and who was

operated upon for fistula, is reported as getting along fairly well.

It has been circulated around that James Miliron has purchased one of the properties of the late William Force, on Ridge avenue, and has already taken possession of the same.

We note from a Herald item that Miss May Witherow, a public health nurse under the American Red Cross Society, and who did some demonstration work in the public schools here during the winter months, has organized a class in hygiene and care of the sick. She will also make nursing visits to those who may need her services at any time, at a small cost. She can be reached at the home of Miss Isabel Kerns on Filbert street at most any hour, day or night.

Mrs. Dr. Ake is in Philadelphia on a visit to her mother and two daughters.

Miss Clara Schively, after her term as one of the teachers in the High School here, will go to Chicago and become a summer student at Northwestern University, after which she will go to Rockford, where she has been engaged to teach a term of school next fall and winter.

John and George Cadman have each purchased a new automobile.

Trout streams must all have been cleaned out, as we have not heard any big fisherman stories this week.

Paul R. Collins, a local boy, is showing up well as an infielder and batsman on the baseball nine of Dickinson College. His faithful and skillful work has secured for him the position of third baseman. His short, snappy pegs and his work with the stick make him one of the strongest players of which the college can boast. Collins bats like a big leaguer and is expected to head

the batting list of his team mates. Collins will be remembered as the catcher of the Newport High School nine several years ago. Since graduating from High School, he has played ball with the Aetna explosive works of Mt. Union, and with the Curwensville American Legion.

The local boy has two more years in Dickinson and great things are expected of him before he leaves.

WINBURNE

Bert Williams is moving his family to Carnwath, where he has accepted a position. Their many friends here will regret the departure of these worthy citizens.

That the splendid work of our Red Cross nurse is appreciated, was evidenced by a record clinic Tuesday afternoon, when twenty-two beautiful babies came to ascertain whether they were growing at the proper rate of speed.

Although the mines are working but two and three days a week at present, that does not mean Winburne is idle. Numerous building operations are in progress, and a lot of repairing and painting being done.

The boy scouts have been active in planting young pine trees about town, which in future years will be of great benefit to all of us.

Bands of the school children, organized by their teachers, helped to beautify their town by some very effective cleaning up work.

Rev. Benjamin Thomas left Thursday morning for Philadelphia, where he will attend a class meeting and visit for a few days.

Mrs. Alec Scott, who has been suffering from a bad attack of pneumonia, is now making good progress towards recovery.

An Old, Reliable Medicine You Can Depend Upon

PE-RU-NA

For Coughs, Colds and Catarrh

Colds are bad, but a chronic, deep-seated cough is worse. Both sap the vitality and weaken the resistance to other and more serious troubles. Catarrh, the great destroyer of health, afflicts ninety-seven per cent. of the people. A catarrhal condition in any organ opens the door and invites into the system every form of sickness. There is safety in keeping the mucous membranes healthy and free from catarrhal congestion.

Used It For Thirty Years
"I have used PE-RU-NA out and on for thirty years and find it reliable. It cured me of catarrh of the stomach a number of years ago. I am taking it now for sedum and it has done me more good than any other medicine I ever used." W. E. CALVERT, Box 55, Lafayette, Colo.

Cured When Other Medicines Failed
"I think PE-RU-NA one of the best medicines for catarrh. It cured me when other medicines failed." MRS. C. SCOTT, Haverhill, New York.

There are persons right in your community who have had experience in the use of PE-RU-NA just like the above. For removing waste matter, correcting stomach and bowel disorders and tuning up the human machinery generally, PE-RU-NA has been the reliance of the American family for fifty years.

Keep your family well by having PE-RU-NA in the home for everyday ills.

Find Pleasure in Doing Good.
Great minds, like heaven, are pleased in doing good, though the ungrateful subjects of their favors are barren in return.—Rowe.

Routed

"Afraid o' bandits? Humph!" says Miss Lillian Brandt of New York. When one snatched her handbag containing a \$1000 payroll, she dashed after him, yelling at the top of her voice. A crowd stopped the fugitive.

No need to dissolve Dill's Digesters

Arctic Travel Note.

The Eskimos have a favorite delicacy composed of "good or bad eggs, mixed with angelica and cranberries, and thrown into a seal skin bag filled with whale oil." Somehow this does not heighten our enthusiasm for arctic travel.—Providence Journal.

On August 29th, 1921, the band accepted an invitation to go to Luthersburg, and at the same meeting the following resolution was unanimously passed:

Resolved, That from and after this time this band will not attend any public meeting (save two Whig meetings when called upon) unless the band are paid \$10 and their expenses paid.

During 1843 and 1844 Joseph Gaylor, F. P. Hursthal, A. L. Schnell, Lever Flegal, John Shugart, J. B. Heisey and a number of others were taken into the band to replace members who had resigned.

Robert Shirk was admitted on June 10, 1844, and voted out again on June 12th. He was evidently a bum musician.

A fine of 12 1-2 cents was imposed on any member making a noise or playing an instrument going to and from the band room.

ODDS AND ENDS AND THINGS

"By Skinny"

"The Colyum" recently published a series of articles on the early Clearfield bands, having secured the material for same from a history of these organizations published in 1882 by John H. Martin. It showed the first band in Clearfield was organized here in 1844.

Recently, in looking over some old books left by her father, the late Thomas Mills, Mrs. William A. Mulholland found the minute book of the original band which, through the courtesy of George D. Runk, the Colyum man was privileged to look through.

These old minutes show that the first meeting of the first band was held Saturday evening, April 1st, 1843, and after H. S. Bamford had been named President and H. B. Beisel, Secretary pro tem, an election was ordered, which resulted in the election of the following officers:

President, H. B. Beisel; Secretary, John L. Cuttle; Treasurer, Richard Messop; Captain, John Keim. On motion, L. W. Smith, Robert Wallace and Doctor H. Lorain were appointed to solicit funds for the band.

The members gave a joint vote for the band instruments needed, which were purchased from C. L. Heilmann of Reading. They arrived May 23rd and were given out as follows (the list we printed heretofore being a trifle inaccurate):

J. L. Cuttle, Bagle.
Thomas Robbins, Trumpet.
George Thorn, Clarinet.
Richard Messop, Clarinet.
Joseph Lanich, Clarinet.
John Keim, Clarinet.
H. P. Thompson, Clarinet.
Alfred Smith, Piccolo.
John O. Borlin, Flute.
Rees Hoopes, Flute.
David Sackett, Trombone.
H. B. Beisel, Trombone.
Charles Throp, French Horn.
A. I. Southard, French Horn.

The band required an initiation member it cost \$5.00 to get out. member it cost \$5.00 to get out.

A fine of 12 1-2 cents was imposed upon each member failing to attend rehearsal it within two miles of the band room.

I. C. Smith, of Indiana, was employed as instructor.

The Iberians.
The Iberians were an ancient people living at the mouth of the Iberus (Ebro) river in eastern Spain. Later the inhabitants of the entire peninsula were called Iberians. The term now is applied to the primitive Neolithic and bronze-age men whose remains and relics are found in ancient graves and grottoes throughout western Europe. The race was characterized by long heads and short stature. The term Iberia still is frequently used in reference to Spain and Portugal, especially in literature, the expression Iberian peninsula being quite common.

THE "OWL" IN SPROUL

During the early days of the last gubernatorial primary there was considerable discussion as to the pronunciation of the popular Chester countian's name and it was finally announced that it was pronounced as "owl." Events of the last two weeks have served to emphasize this pronunciation. We were also told that we could not go far wrong by pronouncing the "ou" in his name as "ouch" after the manner of a mild tempered man who pounds his finger while assisting with the Spring housecleaning. There are many state politicians today who has ample proof of the expressiveness of the "ouch".

The Progress has purposely refrained thus far from commenting on events in the recent session of the legislature for the reason that in the heat of such controversies the real issues are obscured and many of the things that should be remembered by the electorate are forgotten when the smoke of battle clears. So far as this session is concerned, it is over, and although the last chapter in the fight for state leadership is not yet written, the unprecedented events of the session and the factors in the making of them, are timely topics, meriting the careful study of every elector—man or woman. No good citizen can excuse himself or herself from this duty of studying the situation in our state government by the age old excuse "it's only politics" or by the claim made by some newspapers that it was simply a fight among politicians for leadership.

Governor Sproul, as will be remembered by the electorate of the state, made good on every one of his inaugural pledges through the first session of the legislature. Both houses worked with him in harmony and we had as a result the most beneficial and progressive set of laws ever enacted. Under his guidance the amendments on woman suffrage and prohibition were ratified, a more liberal workmen's compensation was procured and schools and roads received more attention in that session than in all the sessions of the past ten years put together.

In that session the jealousy of political leaders was incurred and, as recited in two or three editorials at the time appearing in The Progress, these leaders set about to hamstring the governor. They knew better than to attack the governor personally or to impugn his motives; his record for keeping pledges was clean and his legislative program in thorough and complete accord with the wishes of the electorate. In no way could they curb his carrying out of the expressed will of the people of the commonwealth except by obstructing his path through the selection of a popular, diplomatic, suave speaker of the house, who in the appointment of all committees and in the interpretation of house rules and parliamentary procedure, could and would delay the executive program so long that it could not be passed at this session. Mr. Spangler was the man they elected; a fine type of young man but unfortunately aligned with the element who wanted the Republican party to forget its promises.

It is only necessary to recite that the house had set Thursday for final adjournment and that on Tuesday, with only two days to go, Mr. Spangler, the obstructionist speaker adjourned the session without calling the important revenue bill, teacher salary bill, dry enforcement bill and many other important administration bills, before the House to be voted on by the members. The members were ready and anxious to vote on these measures and return to their homes. It is small wonder then that the house members, immediately after the arbitrary Spangler adjournment, took it upon themselves to elect a speaker in the person of Captain Whitaker who would permit the Assembly to function.

That the governor had a part in the overthrow of the house dynasty needs no denial nor apology. It was the only course he could take and he courageously took the reigns of leadership. The success or failure of his administration and all it has stood for were at stake. So also was the rights of the members of the assembly at stake and through his leadership he made it possible for them to have the voice and vote given them by virtue of the office they had been elected to fill.

We have observed some papers referring to the episode as a "rump" session and others howling about "high-handed" political maneuvers but the vote of the house members on the resolution to expunge from the records the proceedings in which Mr. Spangler was deposed and thus reseat him showed very clearly that the duly elected representatives of the people were overwhelmingly in favor of a new and unhampered regime, and following this, every administration measure was favorably acted upon. It was indeed the first instance of majority rule since the opening of the session on January fourth.

Few newspapers or individuals will fully approve of the entire administration legislative program but there is very general approval of the governor's support of the inalienable right of the legislature to be an independent body of law makers unfettered by rules and rulers from the presiding officer's chair.

The credit, or rather the opprobrium, for the strangulation and stagnation of the house is accorded by friend and foe alike to a political leader of Bucks county who holds no elective office and has no business at Harrisburg except as a representative and spokesman of the interests he represents. He should be convinced by now that there is considerable "owl" in Sproul and in the process of conviction he experienced the "ouch". The state government and the Republican party of this state must divorce themselves from these political barnacles which fasten themselves on our legislatures and in the forcing through of his program against the wishes of these enemies of representative government Governor Sproul has earned the gratitude of the best citizens of the state and State Chairman Crow, in standing shoulder to shoulder loyally by the Governor against those who would use the party machinery for ulterior purposes, stands in a very strong position as the real political leader in the state.

The course of action taken by Governor Sproul and Chairman Crow was very disappointing to those Democratic editors who hoped to see Sproul's administration go on the rocks thru the Spangler obstruction and because of that most certain disintegration of party which would come with a continuance of so-called Grundism. It is therefore quite natural to see these editors belittling the stand taken by Messrs Sproul and Crow and even more natural that they should be lending aid, comfort and support to the enemies of the administration and Mr. Crow. Republicans who are anxious to see their party make good have no anxiety over the results of this so-called factional row. We must realize that the larger the family the more the need for discipline, (and all will admit that our family grew considerable in November) and if we can do our own spanking within the party there will be no need to call in the "school master" or his disciples to wield the birch on election day. The Republican party is stronger today for having had a Spr-"owl" and a "Crow," two wise birds in control.

Two years ago we pledged allegiance to Sproul and his administration in these words "Go to it Sproul, Clearfield County is with you." We repeat that now.

Trade News of Local Interest

Chicago, April 27.—A labor bank is organizing in Philadelphia. It is to have an authorized capital of \$100,000,000, and is to begin business with a capital of \$5,000,000. The avowed object is to enable labor to "corral its own resources and use those resources to its own advantage." Subscriptions to the bank's share at \$20 each, is being solicited from labor men.

Well and good. Why not? A similar plan was launched last summer by the Brotherhood of Locomotive Engineers. The bank's capital was fixed at \$1,000,000; the place of business, Cleveland; the policy, to lend money to "workers and farmers" instead of to speculators and manipulators. It is known as the National Co-operative Bank of the Brotherhood of Locomotive Engineers and it has deposits already of several million dollars. Incidentally, within the last week this bank has subscribed for \$50,000 worth of the North Dakota bonds, now.

At the height of the recent strike crisis in England an English labor leader said that he and his associates had \$20,000,000 in bank for the emergency. If such a sum were on hand in use in one conflict, it must seem

strange to many that the test between employers and employees in the particular field that was threatened with the strike had not been made in a more peaceful and less costly manner.

There are billions in the savings banks of the United States. The deposits number more than 10,000,000. Of course there are duplications some men of property use savings banks and carry several accounts in various institutions. But, in general, savings-bank depositors are not rich or even well off, the majority of them are among the workers.

The piled up resources of labor in these banks are truly enormous. They would suffice to buy many railroads; to finance a large number of factories; to put a department store in nearly every city of size in the United States; to stretch a chain of banks from Bangor, Maine to San Diego, Cal. Under these circumstances, where is the wonder that a bank or two should be started every little while with the money of labor and, if successfully managed, should become a favored depository of workers' funds? Nowhere.

SPECIAL-SIX

The SPECIAL-SIX is a beautifully designed, light weight car; a car with agility, speed, quick pick-up, ideal power, a car that any member of the family can drive all day long without fatigue. A

road test in it will give you a new conception of how a modern motor car should perform. It is the easiest riding five-passenger car that ever rolled over any road, anywhere.

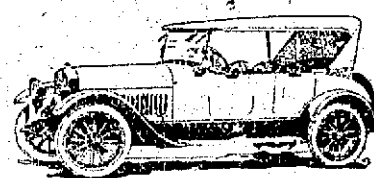

\$1750 F. O. B. Detroit

TWO-PASSENGER ROADSTER

Just the car for those who demand a high grade roadster, with snappy lines, unusual riding and driving comfort, power, "pep," speed and economy. Salesmen, professional men and others who want more than ordinary beauty and performance in the roadster type of car, find complete motoring satisfaction in this Studebaker.

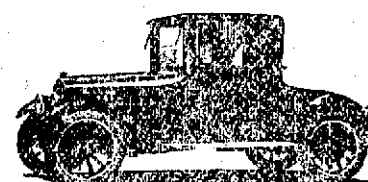

\$1750 F. O. B. Detroit

FOUR-PASSENGER ROADSTER

Easy entrance and exit because of the four doors is a feature worthy of special mention. The four-door body design is rare in cars of this type. Though "chummy" and "cozy", this car is noted for its abundance of leg room. In every respect its comfort is evident—in the way it rides, the smoothness with which it travels over rough roads, and the ease with which it handles.

\$1750 F. O. B. Detroit

COUPE

There is a charm of good taste in every feature of this distinctively designed and elegantly appointed four-passenger Coupe. It is the ideal enclosed car for women—for the theatre, shopping and social functions—as well as for professional men. Soft carpeting, subdued harmony of coloring in the upholstery, inviting depth of cushions, completeness of appointments—all offer an irresistible appeal. There's perfect comfort for four people and—the arm chair for the fourth person folds quickly out of the way when not needed.

\$2650 F. O. B. Detroit

SEDAN

Complete satisfaction, pleasure and comfort have been provided in this Sedan the ideal family car of the enclosed type for year around use. Eight solid upright posts, extending from floor to roof, lend a solidity that makes it particularly free from annoying rattles. Four doors, swing wide open, provide easy entrance and exit—an unusual closed car feature. When you look at this Studebaker Sedan, consider its standards of quality, performance and mechanical perfection as well as its moderate price.

HERE'S A CHANCE TO BREAK INTO THE MOVIES AT HOME

John Shade Post of the American Legion has entered into a contract with a moving picture concern to have many reels of pictures of Clearfield and Clearfield people taken on July 3rd and 4th, 1921, and after completion the pictures will be shown in the local theatres, and the reels then contributed to the authorities and preserved among the borough archives for the benefit or amusement of coming generations.
Every part of the town will be pictured as well as the different borough and county officers.

CHECKER "CHAMP" VISITOR HERE

H. B. Reynolds, of Erie, Pa., the champion checker player of Pennsylvania, was a Clearfield visitor Thursday, and after meeting the local experts in a number of games invited M. P. McDonald and N. F. Hoffman, among Clearfield's best, to accompany him to DuBois and take part in a tournament at the R. Y. M. C. A. there.
They head a very interesting tourney. Mr. McDonald lost one game and got a draw in his second, while Mr. Hoffman won one, lost one and the third was a draw.
Reynolds is a wizard at the game and will return to Clearfield shortly for another try at the local cracks.

SUNDAY SCHOOL LESSON

(BY REV. F. B. FITZWATER, D. D.,
Teacher of English Bible in the Moody
Bible Institute of Chicago.)
(© 1921, Western Newspaper Union.)

LESSON FOR MAY 1

BIBLE TEACHINGS ABOUT EDUCATION.

LESSON TEXT—Deut. 6:4-9; Prov. 3:13-18; Luke 2:52.

GOLDEN TEXT—Wisdom is the principal thing; therefore get wisdom.—Prov. 4:7.

REFERENCE MATERIAL—Prov. 1:7-9; 4:1-13; Col. 2:3; Jas. 1:5; II Pet. 1:5.

PRIMARY TOPIC—The Boy Jesus With the Teachers.

JUNIOR TOPIC—Pleasing God in School.

INTERMEDIATE AND SENIOR TOPIC—The Value of an Education.

YOUNG PEOPLE AND ADULT TOPIC—Making Education Christian.

I. The Excellency of Wisdom (Prov. 3:13-18).

Let no man confuse this "wisdom" with the so-called wisdom resulting from an education in the arts, sciences and philosophy taught in the modern colleges and universities. The way to have this in its true sense is to get it from the Bible, God's revealed Word (Psa. 119:98-100). Wisdom personified means Christ (Prov. 8). All real wisdom leads to Christ, who is made unto us wisdom, righteousness, and sanctification (I Cor. 1:30). Wisdom is desirable because:

1. Of its inherent qualities (vv. 13-15). (1) "Better than the merchandise of silver and the gain of gold" (v. 14). Men set great value upon these, but they are corruptible and shall soon pass away. (2) "More precious than rubies" (v. 15). Though among the most valuable among the precious stones, the ruby is of secondary value when compared with the wisdom of God. (3) "Of immeasurable value" (v. 15). The best things that the human heart can desire are not worthy to compare in value unto wisdom.

2. It ministers to our earthly welfare (vv. 16-18). (1) "Length of days is in her right hand" (v. 16). Godliness tends to long life. (2) "In her left hand riches and honor" (v. 16). "Riches and honor" may not always be according to the world's standard. (3) "Her ways are ways of pleasantness" (v. 17). The notion that the life of the Christian is hard and that pleasure does not enter into his experience is all wrong. The way of the transgressor is hard (Prov. 13:15). Godliness is profitable unto all things, having the promise of the life that now is, and of that which is to come (I Tim. 4:8). (4) "All her paths are peace" (v. 17). There is no peace to the wicked. "The wicked are like the troubled sea when it cannot rest, whose waters cast up mire and dirt" (Isa. 57:20, 21). (5) "She is a tree of life to them that lay hold upon her" (v. 18). Those who eat of the tree of life, Christ, have eternal life (Gen. 3:22; cf. John 6:48). (6) "Happy is everyone that retaineth her" (v. 18). The only true happiness that can be had is in laying hold on wisdom in God's Word.

II. Israel's Responsibility With Reference to the Statutes of the Lord (Deut. 6:4-9).

1. Central truths to be taught (vv. 4, 5). (1) Unity of God. "The Lord our God is one Lord." This was a testimony against the polytheism of that day. He is God alone, therefore to worship another is sin. (2) Man's supreme obligation (v. 5). God should be loved with all the heart, soul, and might, because He is God alone. 2. How these truths are to be kept alive (vv. 6-9). The place for God's Word is in the heart. In order that it may be in the heart (1) "teach diligently to thy children" (v. 7). The most important part of a child's education is that given in the Word of God. (2) Talk of them in the home (v. 7). How blessed is that home where God's Word is the topic of conversation. (3) Talk of them when walking with our children and friends (v. 7). (4) Talk of them when retiring for the night (v. 7). The last thing upon which the mind should rest before going to sleep should be God and His truth. (5) Talk of them when rising in the morning (v. 7). How fitting that God should speak to us the first thing when we awake. (6) Bind them upon thine hand (v. 8). This was literally done by the Jews. (7) Write them upon the posts of the house and on the gates (v. 8).

III. The Growth of Jesus (Luke 2:52).

1. Bodily stature. Being really human, His bodily size and strength increased. 2. Increased in wisdom. His mental equipment enlarged as any normal human being. His fountain of knowledge increased as He came in contact with men and the world. 3. In favor with God and man. His innate perfection and beauty more and more expressed itself as His human nature expanded.

'The Detractor's Work.

The detractor may, and often does, pull down others, but by so doing he never, as he seems to suppose, elevates himself to their position—the most he can do is maliciously tear from them the blessings which he cannot enjoy himself.—Selected.

Eternity.

Eternity stands always fronting God; a stern colossal image, with blind eyes, and grand dim lips, that murmur evermore, "God—God—God!" —E. B. Browning.

Fetters Forged by Passion.

It is ordained in the eternal constitution of things that men of intemperate minds cannot be free; their passions forge their fetters.—Burke.

HE'S TYPICAL LEGION WORKER

Connecticut Man Is Chosen Department Adjutant for Period of Three Years.

Thomas J. Bannigan has received the unique distinction of being elected adjutant of the Connecticut department of the American Legion for a period of three years. He is also in charge of the service division at department headquarters.

Mr. Bannigan was born in Utica, N. Y. He received his education in schools of that city and in Georgetown Academy. He came to New Britain, Conn., 25 years ago and in 1911 moved to Hartford where he is engaged in the wholesale and retail cigar business.

During the war Mr. Bannigan served as a captain. Returning to Hartford at the end of the war, he gave his efforts to revitalizing his business.

In February, 1919, when the city of Hartford needed a capable man to direct its Soldiers, Sailors and Marines' club, Mr. Bannigan was asked to take the job. Despite the call of his business, he abandoned it again, through patriotic motives, to supervise the club.

A record-maker in the formation and organization of Han-Locke post No. 8, Mr. Bannigan soon became one of the most prominent Legionnaires in the state and was elected as the first state adjutant. Department headquarters had been without a permanent location, using a room in the Service club as quarters. Mr. Bannigan prevailed upon the city authorities to turn the building over to the Legion.

Mr. Bannigan is also a member of the national committee on war risk insurance and compensation and is chairman of the Hartford Elks' national soldiers' fund committee.

The Texas department of the American Legion is completing arrangements to turn the Legion Memorial hospital at Kerrville over to the state, in order that the provisions of the bill appropriating \$1,500,000 to expand the institution to a capacity of 600 tubercular patients, passed by the state legislature, may be carried out.

The Legion will maintain its hospital organization, which will co-operate with the state health officer, the superintendent of the state tuberculosis sanitarium and the chairman of the state board of control; the officers designated to supervise the expenditure of the appropriation.

Charles W. Scruggs, state adjutant of the Legion, has expressed the appreciation of the ex-service men as follows:

"The governor of the great State of Texas has met our expectations and I am firmly convinced has only consummated the sentiment of the people of Texas by signing the Legion Memorial hospital bill. The Legion is proud to share with the governor and with the legislature our inordinate pride in the consummation of this splendid endeavor and fulfillment of our fundamental duty to Texas' disabled ex-service men."

Kansas Passes Laws for Legion.

That the voice of the ex-service men of Kansas, as represented by the American Legion, has been heard is manifested by the generous enactment of legislation beneficial to veterans of the World War. The legislature of that state has passed the following bills affecting ex-service men: An adjusted compensation bill; in the form of an enabling act; an act granting to all ex-service men of the World War the same rights, privileges and immunities granted to veterans of other wars; an appropriation of \$1,000 a year for general expenses of state headquarters of the Legion; an act protecting the Legion and Auxiliary emblems from unauthorized use; exemption from taxation of all property held in the name of the Legion; an act placing under the care of Legion posts every young boy paroled from industrial schools; and a boxing bill.

Some people can't stand prosperity.

They resist decay.

The northwestern Indians nearly always made their totem poles out of western red cedar, but this choice was probably due more to the fact that the wood is easy to work and the animal had been chained for 16 years, and had been out only once during that period. Afterward it was found to be dying and was destroyed with the owner's consent. The magistrates described the offense as sentencing a dog to canine penal servitude.

A banjo manufacturer of Southwark, England, was fined for cruelty to a dog by keeping it on a chain. He was said to have admitted that the animal had been chained for 16 years, and had been out only once during that period. Afterward it was found to be dying and was destroyed with the owner's consent. The magistrates described the offense as sentencing a dog to canine penal servitude.

A banjo manufacturer of Southwark, England, was fined for cruelty to a dog by keeping it on a chain. He was said to have admitted that the animal had been chained for 16 years, and had been out only once during that period. Afterward it was found to be dying and was destroyed with the owner's consent. The magistrates described the offense as sentencing a dog to canine penal servitude.

The northwestern Indians nearly always made their totem poles out of western red cedar, but this choice was probably due more to the fact that the wood is easy to work and the animal had been chained for 16 years, and had been out only once during that period. Afterward it was found to be dying and was destroyed with the owner's consent. The magistrates described the offense as sentencing a dog to canine penal servitude.

ACCUSED OF STEALING AUTO TIRE

On the night of the Junior play at the High School Auditorium, some two or three weeks ago, an auto rim and tire was stolen from the car of Dr. William Falconer of Boardman, which was parked near the High School Building.

The matter was reported to the police and this morning Chief of Police Hitt located the missing rim and a tire in the garage of G. M. Turner, out at Clearfield Creek. Mr. Turner said he found the tire in the woods near the creek, where it is alleged it had been thrown by an East End young man.

The Chief learned the tire and rim when taken, had been transferred to a car and the old tire found put on its place. Further investigation led to the arrest of Walter Kolbe, Barth Williams and a young man named Etts, charged with taking the rim and tire.

They will be given a hearing the first of the week.

Earliest New England Dwellings

It is generally thought that the first kind of dwelling built by the early settlers in New England were log cabins, but as a matter of fact, these pioneers often felt obliged to wait until after they had reaped their first harvests before they took the time to erect anything so durable and elaborate as a weather-tight cabin. Like the primitive people of southern Europe, like the Indians of Mexico, they used what caves they could find. But often they merely dug in, finding a shelter much as the armies in France did during the war.

Sound Reason

Herbert, aged four, was irritated by the crying of sister Harriet, aged two. "Why don't you stop crying?" he asked his sister with great seriousness. "You must be sick. You don't look well, and you don't sound well."

Artistic Scottish Coins

The "Bonnet Piece" was the name given to a beautiful coin of pure gold issued under the reign of James V of Scotland, the name being given because the head of the king on the coin was covered with a Scotch bonnet in place of the proverbial crown. James was the first sovereign to place dates on coins issued, and coins he approved were exquisitely designed.

THE BEST SHOW OF THE SEASON

A forthcoming production that has been anticipated with pleasure is that of "East is West," the William Harris Jr., record breaking play which is to be the attraction at the Driggs Theatre on Tuesday, May 3.

Those who have never seen "East is West" wonder what the play is all about as the title is somewhat of a mystery. Briefly, it is a play of Oriental and Occidental life in a prologue and three acts. The prologue is laid in China and the scene shows a Chinese love-boat—a craft of which Americans have no idea but which will prove very interesting to all seeing it and learning how it is employed. The first act is a scene in a palatial home of one of our wealthy Americanized Chinese in San Francisco. The second and third acts are quite American with a distinct American atmosphere.

Lovers of good clean comedy will find "East is West" bubbling over with healthy laughs and those who like occasional pathos will find their desires gratified.

Mr. Harris has fairly excelled himself in mounting the play, the atmosphere of which is finely preserved through his lavish importations of costumes and properties from China.

BILL PHELAN TO BOX AT DUBOIS MONDAY

The Columbia Athletic Club of DuBois, is putting on its last boxing show of the season Monday evening next, and the usual large crowd of Clearfield boxing bugs will be in attendance.

The card for Monday night is about the classiest of the season. It consists of a go between Young Jack Dempsey, of DuBois, and Al Wise, of Syracuse, N. Y.

Wise is said to be the best man that has been pitted against Dempsey this season, and gave the young Italian Battler a good lacing when they met at Syracuse last year.

There is a double semi-final, "Georgie" Lawrence, of Rochester, meeting "Johnny" (Kid) Bennett, who fought Henderson in February last, six rounds. The other half of the semi-final brings together two flyweights, "Red" Maloney, 108 pounds, of Wilkesbarre, Pa., and "Scotty" Sheldon, 110 pounds, of Rochester. There will also be a four round preliminary, and a three round curtain raiser.

"Wild Bill" Phelan, of Clearfield, under the management of "Tunk" Edwards, will meet "Yankee" Shultz, of DuBois, in a four round preliminary. Shultz is the fellow who met Henderson at the last Columbia show. This will be the first chance Clearfield fans have had to see Phelan in action.

"LIGHTNIN'" SEASON'S BEST, COMING TO DUBOIS

"LIGHTNIN'," the play that has broken the world's record for length of run on Broadway, will be presented at the Avenue Theatre, DuBois, Wednesday and Thursday, May 11th and 12th, exactly as it has enthralled audiences at the Gaiety Theatre for nearly three years.

Producer John Golden has assembled a special company, headed by Milton Nobles in the role of "Lightnin'" Bill Jones, and the production has been staged under the personal direction of the author, Winchell Smith. The company, which is the only one on tour, will appear in a limited number of cities before opening in Chicago. Like the other John Golden successes, "Turn to the Right," "The First Year," "Three Wise Fools" and "Dear Me," it is a play of laughs and heart throbs, clean and wholesome, and introducing honest-hearted, real folks who exist in everyday life.

Not since the days of Joseph Jefferson's "Rip Van Winkle," has the American stage known such a tender and sympathetic character as "Lightnin'" Bill Jones, perversely nicknamed because he never moves fast. Broadway audiences have alternately laughed and wept with the eccentric old soldier who is so human and lovable, even in his faults.

THIS WOMAN'S EXPERIENCE

Brings a Ray of Hope to Childless Women

Lowell, Mass. — "I had anemia from the time I was sixteen years old and was very irregular. I did any house-cleaning or washing I would faint and have to be put to bed, my husband thinking every minute was my last. After reading your text-book for women I took Lydia E. Pinkham's Vegetable Compound and used the Sanative Wash, and have never felt better than I have the last two years. I can work, eat, sleep, and feel as strong as can be. Doctors told me I could never have children—I was too weak—but after taking Vegetable Compound it strengthened me so I gave birth to an eight pound boy. I was well all the time, did all my work up to the last day, and had a natural birth. Everybody who knew me was surprised, and when they asked me what made me strong I told them with great pleasure, 'I took Lydia E. Pinkham's Vegetable Compound and never felt better in my life.' Use this testimonial at any time." Mrs. ELIZABETH SMART, 142 W. Sixth St., Lowell, Mass.

This experience of Mrs. Smart is surely a strong recommendation for Lydia E. Pinkham's Vegetable Compound. It is only one of a great many similar cases.

SALT FINE FOR ACHING KIDNEYS

We eat too much meat, which clogs Kidneys, then Back hurts and Bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless, inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complication. A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.
